

35071 Wijs solution Volumetric, 0.1 M ICl Iodine monochloride solution; Iodine according to Wijs for the iodine value determination

Właściwości fizyczne:

| Property | Value |
|---------------|------------------------|
| Quality | volumetric |
| Impurities | acetic acid |
| Concentration | 0.1 M ICl |
| Boiling point | 118 °C |
| Density | 1.06 g/cm ³ |

Informacje dot. bezpieczeństwa:

| Property | Value |
|---------------|-------|
| Flashpoint | 40 °C |
| Hazard Class | 8 |
| Package Group | II |
| UN ID | 2789 |
